

Exterior LED Cylinder Wall Mount Light

FEATURES

- Die-cast aluminum housing with durable matte black paint finish
- Plastic optical lens is protected by gasket tempered glass clear cover
- Aluminum extruded heat sink designed to facilitate heat dispensation to reduce LED junction temperature for maintaining lighting output and lifespan
- Variable beam angle of optical lens options
- Photocell provides automatic on/off option

SPECIFICATIONS

- Colour Temperature: 2700K-4000K
- Ambient Temperature: -20 degrees C - 45 degrees C
- Wet location usage
- 36 watts/2160 Lumens
- 50,000 Hour lifespan
- Measures: 9 1/4" h x 9" deep x 6" diameter
